

We are pleased to announce to you that our effort at DexNova Consulting Limited to have PMP Paper-Based Testing(PBT) in Nigeria has paid off. Beginning from April 2014, PMI in partnership with Prometric will resume delivery of our world class professional certifications in Nigeria. As you previously had reserved an appointment to take the PMP test, we would like to offer you the first opportunity to take the exam in either Lagos or Abuja. Please review the details of the upcoming testing events and follow the instructions to confirm your seat at an upcoming testing event.

Details of the first PMI PBT Testing Event in Nigeria for 2014:

Our first testing event in Nigeria will exclusively deliver the PMP exam in a Paper-Based Testing (PBT) format in Lagos and Abuja beginning on **Saturday, 26 April 2014**. This initial testing date is reserved exclusively for those whose initial appointment was canceled during the temporary testing outage. If you would like to take advantage of this opportunity and take the PMP exam on this date, please confirm that you will attend by emailing pbtextams@pmi.org no later than **Tuesday, 15 April**. In your email please indicate the following:

- Your PMI Eligibility ID number
- Your full name as it appears on your government issued identification
- Your preferred testing location (Lagos or Abuja)
- Your email address

You must confirm that you will attend this test event by email to be guaranteed entrance to the testing event on 26 April. If your email is not received by the deadline of 15 April, we may not be able to add you to the testing roster for this date and will instead have to register you for other testing events scheduled for this year.

Additional Dates for Testing

If you are unable to attend the testing event on 26 April, there will be additional PBT events held in Lagos and Abuja on a semi-regular basis to our candidates throughout the year. Below are a list of proposed dates and deadlines for registration that are now open:

Locations	Testing Date	Deadline to register
Lagos & Abuja	Saturday-10 May	Tuesday-15 April
Lagos & Abuja	Saturday-24 May	Thursday-1 May*
Lagos & Abuja	Saturday-7 June	Wednesday-14 May*
Lagos	Saturday-21 June	Wednesday-28 May*
Lagos	Saturday-12 July	Wednesday-18 June*
Lagos	Saturday 26 July	Friday-27 June*

*Dates marked with an asterisk are tentative and will be confirmed.

On the dates listed above, all PMI tests will be available in a PBT format. If you would like to attend any of the testing events on the dates listed above, please email pbtextams@pmi.org and indicate the following to reserve your seat:

- Your PMI Eligibility ID number
- Your full name as it appears on your government issued identification
- (2) preferred testing dates in order of preference
- Your Preferred testing location (Lagos or Abuja)
- Your email address

We will try our best to schedule you for your first preferred date. However, for all dates space is limited and seats are subject to availability. Therefore, we encourage you to confirm your preferred dates for testing well in advance and no later than the deadlines listed above. We will send you a confirmation email once we have processed your request that will include the address of the testing location as well as additional instructions for you to follow on your testing day.

Expectations for paper based testing

For these testing events, all exams will be delivered in a paper-based format (PBT). For PBT exams, the answer sheet is computer scanned and graded. Results take up to six weeks to process and post online. All candidates can access their examination reports using PMI's online certification system. Exam reports will only be mailed upon your request.

Originally you had registered to take the PMP in a computer-based testing (CBT) format. However, at this time Prometric is unable to deliver PMI exams in a CBT format. Since you paid to have a CBT form of the test, if you choose to participate in this testing event, we will issue a refund for the difference in the cost of a CBT exam versus a PBT exam. Refunds will be applied once 14 days after a PBT seat has been confirmed.

PMI continues to view Nigeria as an important market. As such, we are committed to continuing to provide opportunities to candidates to sit for PMI certification exams.
