PRINCE2 is a process-based approach for project management, providing an easily tailored and scalable project management methodology for the management of all types of projects. The method is the de-facto standard for project management in the UK and is practiced worldwide.

The PRINCE2 Foundation qualification is the first of two PRINCE2 qualifications required to become a PRINCE2 Practitioner.

You can complete PRINCE2 Foundation to learn the basics, terminology and a comprehensive introduction to PRINCE2 via our 3-day PRINCE2 Foundation tutor led classroom course.

If you would like PRINCE2 Practitioner certification, you should complete a combined PRINCE2 Foundation and Practitioner course in 5 Days

PRINCE2 Foundation Syllabus

The PRINCE2 Foundation examination is aiming to measure whether a candidate would be able to act as an informed member of a project management team using the PRINCE2 methodology within a project environment supporting PRINCE2.

To this end they need to show they understand the principles and terminology of the method, specifically, candidates must be able to:

- Describe the purpose and major content of all roles, the seven principles, the seven themes and the seven processes.
- State which management products are input to, and output from the seven processes.
- State the main purpose, and key contents, of the major management products.
- State the relationships between processes, deliverables, roles and the management dimensions of a project.

The PRINCE2 Foundation course suits:

- New and experienced project staff
- People who may go on to Practitioner training
- Consultants/contract staff operating in a PRINCE2 environment
- Project Managers considering a career in a PRINCE2 environment

The PRINCE2 Foundation exam

- Multiple-choice
- One hour duration
- 75 questions
- 38 correct answers are required to pass
- Closed-book

PRINCE2 Practitioner certification is the highest level of PRINCE2 qualification. PRINCE2 Practitioner certification can be gained by completing a combined PRINCE2 Foundation and Practitioner course.

If you have already passed PRINCE2 Foundation then you can complete a PRINCE2 Practitioner upgrade course.

PRINCE2 Practitioner Syllabus

The Practitioner is the second of the two PRINCE2 examinations you are required to pass to become a PRINCE2 Practitioner

This PRINCE2 examination is aiming to measure whether a candidate would be able to apply PRINCE2 to the running and managing of a project within an environment supporting PRINCE2. To this end they need to exhibit the competence required for the Foundation qualification, and show that they can apply and tune PRINCE2 to address the needs and problems of a specific project scenario, specifically, candidates must be able to:

- Produce detailed explanations of all principles, themes and processes and worked examples of all PRINCE2 products as they might be applied to address the particular circumstances of a given project scenario.

- Show they understand the relationships between principles, themes and processes and PRINCE2 products and can apply this understanding.

- Demonstrate that they understand the reasons behind the principles, themes and processes of PRINCE2, and that they understand the principles underpinning these elements.

- Demonstrate their ability to tune PRINCE2 to different project circumstances.

The PRINCE2 Practitioner course suits:

This course is aimed at anyone wishing to gain the qualification, ideally having already achieved the PRINCE2 Foundation level qualification. This course would benefit:
